Re: Withdrawal of Amendment, Utelite Corporation, Utelite Mine, M/043/004, Summit County, Utah

Dear Mr. Mortensen:

On March 31, 2003, we received your letter wherein you requested an amendment to remove overburden from the current permitted property and place it in a small ravine or canyon above your existing plant site.

Before we could grant approval of this amendment, we needed to receive concurrence from the Division of Water Rights (DWR) that you applied for and received approval of a Stream Channel Alteration permit. On June 24, 2003, we received a copy of the Division of Water Rights letter to you rejecting your Stream Channel Alteration application.

In a phone conversation with Lynn Kunzler of our staff on June 25, 2003, you advised Mr. Kunzler that you would withdraw your proposal and you would simply relocate the overburden to another location within the existing approved permit area, thereby eliminating the need for an amendment. Therefore, the proposed March 31, 2003 amendment is withdrawn.

Please contact me at (801) 538-5286 if you have any concerns regarding the withdrawal of this amendment, or if our understanding of your phone conversation with Mr. Kunzler is incorrect.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
